

COMPARISON SHEET

NIFTY® WRAPPER

FST51

5" x 1000'
16 rolls/case

FST72

20" x 1000'
4 rolls/case

Benefits of ST51 and ST72 over commodity product:

Patented handle on every roll
Roll will not unwind out of hand
Unique handle cannot be duplicated
No friction on hand when using

These products can be used in any position — unlike the commodity products which will unwind when used in the horizontal position — this is the position used for most bundling applications.

Easiest application & break-off
People will pay a premium for ease of use
Merchandising — use it and sell it
Floor displays, roll literature, high visibility

NIFTY PALLET WRAP SYSTEM

FNW5

5" x 1000'
16 rolls/case

FNW20

20" x 1000'
4 rolls/case

Top & Bottom Girding
Palletizing
Easy Bottom Wrapping
One dispensing set per case —
Black u-shaped handle w/
Orange tensioning grip

Comparison to **commodity** products:
Pricing is comparable or lower
Product is always in stock
One dispensing set per case —
while not as good as one dispensing
system per roll (like the ST51 & ST72) —
the dispensing system included in the case
does keep your hand from slipping off the roll

20" x 1000' 4 rolls/case
Standard stretch film
Extended cores on both side
2 orange grips in every case.
